\$700 for 4 hour event

\$150 for each additional hour

Your guests can feel like a part of the celebration by adding our Photo Station to your package. Your friends and family take home a picture with customized text to commemorate your big day.

Our Photo Station is a perfect addition to your wedding. This is not an unattended photo booth. We set up a photo studio onsite complete with lighting and, if necessary, a backdrop in addition to onsite printing capabilities with a real photographer. This is a great way to get family portraits throughout the night.

Enhance your wedding reception by providing our Photo Station for your family and friends.
