

## WEDDING RESCUE PRICING

Your wedding day is one of the most important days of your life. You planned everything. Now the wedding is over, the cake eaten, and the bouquet has been thrown. But once you finally get the proofs back from your photographer your heart sinks. It is at that very moment you realize that the wrong photographer was chosen. The pictures are dark, hard to see and out of focus. They don't look anything like the portfolio samples the photographer showed you.

Evocative Studios can help you restore some of your precious memories by re-shooting a portion or all of your day. Choose either our "Wedding Rescue" or "Wedding Reconstruction" packages and we take care of flowers and tuxedo rental. We will provide professional hair and makeup, or if you choose to use your own hair stylist we can arrange that too. Depending on the package you choose, we will even book your church again for new alter portraits and visit all the locations that you visited on the day of your wedding.
